

Program Format

::Intro::

Introduction

Begin with the names of the pharaoh, including pronunciation, translation and morphology of the hieroglyphs. Give his dynasty, period, and length of reign. Include the sources of the information.

Reign

Discuss the general geopolitical climate of his reign. Any challenges to his rule; including predecessor and successor problems. Cite any appropriate references.

Accomplishments

Make note of any successes of his reign, major battles, diplomacy, added territory, etc. and the sources where found. Make note of the regnal year of the accomplishment.

Monuments

Give any major building projects undertaken or continued during his reign, and any particulars deemed interesting. Include the specifics of his tomb and any mortuary temples.

Legacy

Discuss the end of his reign, including death. Lead into the succession of his office and the circumstances. Include the location of his mummy if known, and any archeological projects and notable Egyptologists who provided insight into his legacy.
